Miss Jennie Cullen, a sister of Mrs. R. H. Pitt, and a daughter of Mrs. C. R. Cullen, of 1414 Lamb Avenue, Barton Heights, was hurled from a wagon early yesterday afternoon while returning from a picnic party and was seriously injured. Physicians last night said that her condition was serious, though it had not been possible to ascertain the full extent of her injuries.

Miss Cullen had gone on a picnic party with Mr. and Mrs. W. R. Evans, of 1414 Lamb Avenue, Rev. and Mrs. Wythe Leigh Kinsolving, of Tennessee, who are guests of Dr. and Mrs. Pitt, and Mrs. Hyslop. On the return trip Mr. Evans and Rev. Mr. Kinsolving had to drive the wagon further to take Mrs. Hyslop to her home. Driving down a steep grade, the horse stumbled and fell, and Miss Cullen was hurled forward, striking on her head. The accident occurred just at 1:30 o'clock on Lamb Avenue.

Miss Cullen was picked up unconscious and carried into the home of

## GLASS MAKES VIGOROUS REPLY TO GOOD'S ATTACK

Characterizes Republicans' Criticism of  
McAdoo as Being Willfully Misled,  
on Misrepresentation.

[Special to The Times-Dispatch.]—Washington, July 11.—Congressman Glass, of the Sixth Virginia District, made a half-hour speech in the House today in defense of the Democratic administration of the Treasury Department, and was time and again applauded by his Democratic colleagues. The speech was in reply to a rather vicious attack on Secretary McAdoo by Congressman Good, of Iowa, and the latter did not make a word in characterizing his Republican adversary. Indeed, Mr. Glass directly charged that the Secretary of the Treasury was made up of a complete knowledge of the fact that every statement was a misrepresentation. He charged Good with deliberate suppression of essential details, and with concealing from the House the fact that the deficiencies which he ascribed to Democratic incompetency were due to a system devised by a Republican Secretary of the Treasury and administered by Republican officials protected by civil service regulations.

Incidentally, Mr. Glass directed attention to the fact that Secretary McAdoo had effected economies in the Treasury Department amounting to \$1,000,000, by dismissing unnecessary employees and improving systems of accounting, and had saved the government a single year's \$1,000,000 in interest charges on public funds, of which \$227,000 was interest on money loaned banks throughout the country to help American farmers move their crops, which amount had therefore been taken in by the Treasury.

Mr. Good has been particularly savage in his partisan attacks on the administration, and to-day Mr. Glass did not spare him, but roundly rebuked him for his performance as contrary to circumstances of which the Iowa Congressman declared free knowledge. The Democrats greatly enjoyed the altercation of words.

## FOR MORE AUTONOMOUS PHILIPPINE GOVERNMENT

Administration-Approved Plan Laid  
Before Congress by Representative Jones.

NO ACTION AT THIS SESSION

Measure Designed to Carry Out  
Declaration of Baltimore Platform,  
but Makes No Attempt to Fix Date  
for Independence.

Washington, July 11.—An administration-approved plan for a more autonomous Philippine government, as another step toward independence, was laid before Congress today, when Representative Jones, of Virginia, introduced a bill covering the subject. Mr. Jones is chairman of the House Insular Committee, and his measure, declaring the purpose of the United States as to the future political status of the Philippines was the result of a long series of conferences with President Wilson, Secretary Garrison, and other members of the United States, and the Philippine resident committee.

The bill makes no attempt to fix a date for Philippine independence, its preamble recites that it never was the intention of the people of the United States in the incipency of the war with Spain to make it a war of conquest or territorial aggrandizement. It asserts that it always has been their purpose to recognize the independence of the Philippines "as soon as a stable government could be established there."

Mr. Jones, explaining the bill to-night, declared that it was desirable to place in the hands of the Filipinos as large control of their domestic affairs as consistent with the exercise, in the meantime, of the right of sovereignty by the United States.

Generally speaking, the bill provides for the Philippines the most liberal form of territorial government. Its principal features, affecting the more important changes in the existing organic act, are those relating to the appointment of the Governor-General and the members of the executive departments. The only officials to be appointed by the Governor-General are the heads of the executive departments. The only officials to be appointed by the Governor-General are the heads of the executive departments.

The Governor-General is given a limited power to veto the acts of the Legislature, but the President would have the power of absolute veto.

Supporters of the measure do not expect it to get favorable action by Congress at this session. President Wilson has examined the bill carefully, and Secretary Garrison strongly favors its enactment. It is designed to carry out the provisions of the Baltimore platform toward the Philippines.

MAID IN CARMAN HOME  
SUDDENLY DISAPPEARS

(Continued From First Page.)

It is likely that application will be made to Justice Van Sledright to have her admitted to bail pending the presentation of the case to the grand jury.

Dr. Carman, a huge bouquet of flowers in his arms, visited his wife to-day, and was with her for an hour or so. She is said to be having up well, and is much more cheerful.

"This raw deal which the district attorney and his hired detectives are giving us has gone far enough," declared Dr. Carman upon his return from the prison. "It must stop, or there will be a riot. Once I was quite willing to show the district attorney my books. Now that bunch of boys will never get a peek. They have lied repeatedly."

## BAPTISTS ARE RESOLVED NOT TO PATRONIZE FAIR

[Special to The Times-Dispatch.]

Virginia Beach, Va., July 11.—With growing enthusiasm, the Virginia Baptist Encampment goes on here. The auditorium is the chief place of meeting, but classes in Bible study, B. Y. P. U. services and W. M. U. conferences are held in the several churches. A large proportion of the hotels and boarding houses are filled with encampment people, and encampment badges are seen everywhere. People are still coming from various sections. A large number of encampment delegates already here are planning to stay through the end of the encampment, and many new arrivals are expected next week.

A resolution was offered to-night by R. S. Barbour, of South Boston, protesting against the State Fair in Richmond seeking and securing license to sell whiskey at the fair. This resolution was unanimously adopted by a rising vote. The resolution committed the encampment delegates to refrain from attending or patronizing the fair.

The Chattanooga lecturer for to-day was Dr. Landon H. Hulley, president of the Stetson University, Florida. Dr. Hulley this morning had as his subject, "Wise and Foolish Interpretations of Scripture." To-night his subject was, "Sketches in Character." The lecture was a study in negro dialect.
